Therefore, it has provided the Superintendent of Schools the authority to employ staff members to perform additional assignments within our District.

Pursuant to the federal No Child Left Behind (NCLB) Act of 2001, public schools in the state of New Jersey are required to annually assess the English language proficiency of their English Language Learners (ELLs) in kindergarten through grade 12 using a standards-based instrument that is common throughout the state. In response to this mandate, the New Jersey State Department of Education adopted ACCESS for ELL's the developed by the WIDA Consortium.

ACCESS for ELL's data must be analyzed in order to properly place Bilingual students in September 2010. Responsibilities include: separation of ACCESS Test Reports by school and grade; Preparation of school student rosters, teacher reports and parent reports; Reproduction of school reports and placed into binders for each school. Data will be shared with Bilingual Staff as well as Administrators.

Also, with a fast growing Spanish speaking community in Plainfield, there is an increased need for district and school personnel to send written notices, letters, and other important information to parents in their native language (Spanish). A number of events will require the presence of an oral translator to assist with the Spanish speaking community.
