C. Project CRISS (Creating Independence through Student-owned Strategies) Amended

The Superintendent of Schools recommends, and I so move, adoption of the following:

RESOLUTION

Strategic Plan Link:

Goal 2: Human Resources

To improve the recruitment, retention and development of district staff.

The Plainfield Board of Education recognizes that a highly qualified, competent, skilled, and dedicated workforce is essential in the success of the District, schools, and students. Therefore, it has provided the Superintendent of Schools the authority to employ a consultant in order to professionally develop teachers enabling them to ascertain best practices for integration in their daily instructional practices.

The following item was approved at the Business Meeting on December 16, 2008 and must be amended to include rendering of payment to Margaret Stewart, a contracted consultant for Project CRISS.

The conclusion of the District Instructional Program Reviews identified a district wide need to improve and strengthen best practices in daily instruction. Project CRISS is an organization of consultants who have developed research-based proprietary best practices that are nationally recognized and proven to work in the classroom. Their strategies help students learn more effectively throughout the curriculum. The focus of these strategies is on teaching students how to learn through reading, writing, talking, and listening. From there, students learn to apply CRISS principles and philosophies in all subject areas.

The CRISS program begins with a three-day workshop in which participants experience the philosophy and instructional strategies through a series of CRISS Strategic Learning Plans. They provide processing and reflection time so that teachers can adapt CRISS to their own teaching situations. After understanding the CRISS principles and philosophy, participants will learn activities to address the following:

- Identifying the Author's Craft and Design
- Understanding Patterns and Structures
- Active Strategies for Learning
- Organizing for Learning
- Informal Writing to Learn
- Formal Writing to Learn
- Vocabulary
- Assessment

The initial workshop must be supported by follow-up sessions in which participants have opportunities to talk about how they are implementing the project. The next phase includes 13 participants becoming Certified CRISS District Trainers who will be responsible for continuing to provide training and support, and ensure the implementation of CRISS within the Plainfield Public Schools District.

Level 1 Training – 30 staff members
Trainer's Fee \$1,400 x 5* days = \$7,000.00
Books 70 at \$65 each = \$4,550.00
Hourly rate \$35 x 6 hours - \$210 x 4 days = \$840
No. of Staff 30 x 840 = \$25,200
25,200.00

*Fifth training day is on a Friday, no need for staff stipend.
36,750.00

Level 2 Training – 13 staff members
Trainer's Fee \$2500 x 4 days = 10,000.00
Materials \$250 x 13 staff = 13,250.00
13,250.00

CRISS Training would take place on 4 consecutive school days. Hence, there would be no need to pay for staff stipend \$50,000.00.

RESOLVED, that the Plainfield Board of Education approves a cohort of thirty (30) teachers included in a level one and thirteen (13) teachers (from that cohort of thirty (30)) for the Plainfield School District to partner with Margaret Stewart, a contracted consultant for Project

CRISS for the 2008-2009 school year for training and development in best instructional practices, as well as supplies, and participant stipends for Saturday participation from January 2009 through August 2009 in the amount not to exceed \$50,000.00. The availability of funds for this item has been verified and will be charged to accounts 20-273-221000-320A-35-0000; 20-273-221000-610A-35-0000 and 20-273-200000-101A-35-000.
