#### IV. REMARKS FROM THE BOARD PRESIDENT

Mrs. Logan-Leach introduced the newly appointed general and labor attorneys Craig and Pickett, who was represented by Mr. Robert Pickett this evening and also indicated that Hunt, Hamlin & Ridley had been appointed as workers comp attorneys. She also introduced Mrs. Mathis, sitting in for Mr. Gary Ottmann who was on vacation.

Mrs. Logan-Leach indicated that on the agenda there are a large number of minutes that they have not been able to move forward because of concerns some members had and they want to make sure that the minutes they are approving are correct.

The Board participated in the 4<sup>th</sup> of July Parade; the District did a really nice job and it was very pleasant.

At last week's Work & Study Meeting and the City Council Meeting there were members of the Joe Black family in attendance. Mrs. Logan-Leach mentioned articles that were in the Courier News as well as the Star Ledger. Tonight there is a lavender sheet that is an Addendum pertaining to the naming of the baseball field that is located at Hub Stine. Members of Joe Black's family were present at the meeting and Mrs. Logan-Leach invited them to come down front. Mrs. Logan-Leach indicated that it is very, very important that we honor our true heroes. She felt if the community did not take the time to give proper honor and tribute to our unsung heroes we are doing ourselves a disservice. Steve Cabbell, a former Board member, tried 10 years ago to have the field named after Joe Black, but it did not come to pass. Rev. Jason Greer spoke on behalf of the family and thanked the Board and Committee for the honor of the resolution and hoped it would pass to be able to see Joe Black's name placed on the field. Mrs. Logan-Leach read a revision to the resolved (which is highlighted in bold) to make it inclusive of the tennis court. Mrs. Logan-Leach stated that Board Counsel advised that changing Hub Stine Field to Hub Stine Sports Complex would allow the naming of any of the remaining lots, such as the football field, etc. after someone in the future.

#### V. REMARKS FROM THE INTERIM SUPERINTENDENT

Mrs. Anna Belin-Pyles stated that their family movie night at Washington School was a success with over 50 participants. Those movie nights will be held on Wednesday nights throughout the months of July and into August. The District will also be partnering with the City of Plainfield to provide availability of recreational activities at a few of the other school sites this summer and she was going to leave those comments to the subcommittees who are working on that.

At present in their class/extended day programs they have 122 young people who are participating in a variety of activities; ages from 3 to 19 as well as their 21st Century Program and the Passport to Summer Learning.

For the first time their Special Education Department has actually exceeded estimates, in terms of reimbursement, for their Medicaid initiative and that really required the work of the entire District to assist with that.

The District had the opportunity to host the first Eugene Monroe Football Camp this weekend and by all accounts that was a huge success and they hope it will continue and be a springboard for many activities to occur and hope to encourage other former graduates of the Plainfield Public Schools to come and give back to the District. There are many individuals out there and they are going to campaign to seek them out.

Mrs. Belin-Pyles indicated that they continue to be in the midst of a budget crisis and continue to have to make very hard decisions as it relates to the budget. Many of those decisions are reflected in tonight's agenda. She hopes to get past that and open the schools in September fully prepared to focus on moving the District forward in a positive direction.

Mrs. Belin-Pyles, Mr. Abdul-Haqq and Mrs. Logan-Leach attended a meeting at City Hall concerning shared services. They are moving toward shared services with the City to provide additional revenues for the District. They are starting out with their technology areas; they had a similar agreement in the past and they will continue that. They hope to branch off in some other areas as well. For the initial agreement the District will be on the receiving end in terms of providing Human Resources to the City and will be compensated by the City. That amount will be determined and will be negotiated between the Board of Education and the City of Plainfield. The full agreement will be presented to the Board at the August Meeting.

## VI. PRIVILEGE OF THE FLOOR

Joan Hansdale, 514 Huntington Ave. Her comments related to the transfer of Pamela Ackerman Garcia out of her position as a Professional Development Resource Teacher and her concern that with this transfer she didn't see the position being filled by anyone else on the agenda. She referred to her involvement with Ms. Garcia and shared with the Board the outstanding work she has done in the District. She spearheaded the initiative to conduct a lottery that would provide District families with the opportunity to receive computers that were going to be retired by the District. She is the kind of person that is needed in professional development and she hoped the Board would reconsider this change and keep Pam Garcia in her position as Professional Development Resource Teacher.

Mary Hart, Health and Physical Education Teacher, Emerson School. She first addressed the Human Resources agenda regarding abolishment of job descriptions. She is very concerned about the area of professional development. Research says the most significant factor that impacts student learning is teacher competence. The way teachers become more competent is through meaningful, well planned, designed, collaborative professional development. In the past two years this is the direction this District has moved in. Her concern is what the District's plans are now for professional development. Her second item of concern is item C regarding Pam Garcia. She did not see the elimination of the Resource Teacher for Educational Services yet Ms. Garcia has been transferred; she wonders if this position still exists. If so, why is such a competent teacher being removed from this position?

Mrs. Logan-Leach responded they are not able legally to discuss personnel. With regard to the position, the first question dealt with abolishment of job descriptions and what are the plans for professional development.

Mrs. Belin-Pyles replied they are not abolishing professional development in our District. They are enhancing their professional development. They are doing some realignment of their organizational structure. Many of the positions that are being abolished, are not being abolished because they have the title Professional Development or Research, it has to do with downsizing in their administrative areas. It has to do with combining more than one function in their administrative areas; moving more closely in aligning the District with approved recognized State titles. They are going to be doing approved, recognized State titles according to the New Jersey Department of Education.

Mrs. Logan-Leach pointed out that in conjunction with what Mrs. Belin-Pyles just said, if the members of the public would look at the agenda starting on page 11, Appointment of Staff, they will see position codes. Those position codes come directly from the State. Also those codes align themselves with actual approved State job titles.

Doug Myer, Vocal Music Teacher – spoke on behalf of Ms. Garcia and asked the Board to reconsider moving her out of the position she is in. He shared with the Board his experience of working with her.

Monica and Shontae, students at Barack Obama Academy shared with the Board that it came to their attention that their school might be closed down. They found a school that was good enough for them. Their grades weren't good at Plainfield High and they got kicked out of there. This is their senior year and they felt it wasn't fair to them. They need to be in school. Barack Obama is like a family to them. They made it work where they are now and it would not be like that for them if they had to go back to Plainfield High School. This is the second time that they have been moved and teachers switched. They keep hearing all of these different rumors and it isn't fair. They asked the Board please don't close their school. They are trying to graduate and they feel Barack Obama is their only chance.

Mrs. Belin-Pyles indicated that she has always been one of the greatest advocates for alternative programs. She stated that she nor does the Board have any desire to abolish the services that are being provided to the young people at Barack Obama. It is possible the structure of the school may change, but they will still provide structure for the young people. They have a commitment to alternative education in this District. They need to consider the cost of operating the program. Regardless of the size of the program, every single element that is introduced into the Barack Obama Academy mirrors that of the high school. Still they have to be responsible in terms of the cost to operate this site in its current facility. She apologized for the anxiety any young person is feeling regarding their ability to graduate from high school; that is not true, they will graduate.

Christine O'Connell, 830 Dixie Lane – her concern was with Cook School and her daughter who attends there. They have had five retirements and currently only three replacements being sent over. With the growth of the school and lessening of the staff, class sizes are growing. In the incoming third grade it will be shrinking to one class for 29 children. She wanted the Board to consider assigning another teacher and maintaining two classes for every grade until 8<sup>th</sup> grade. There also is difficulty with space. She doesn't know what the Board will do about that, but she is really concerned about her daughter who just turned 8.

Mrs. Logan-Leach stated that regarding space Cook School was one of the schools slated for the next Schools Construction project; however there is no money from the State; ideally if there had been money Cook School would have moved into the Swing School, but since there's no money there's no movement.

Mrs. Belin-Pyles indicated that she didn't have the exact number in terms of class sizes. Ms. Caryn Cooper has been working very diligently with each Principal to ensure that the numbers in every classroom is at an acceptable level. They will be paying close attention to critical grades. Someone came to the mike last month with a concern about a rumor there would be 33 children in a classroom. Mrs. Belin-Pyles stated at that time that is not the direction they were going at Cook School. They are working with the building Principal to ensure if there is a necessity for an additional teacher one will be placed at the school.

Lindsay Council, 1261 East Front St. – she had concerns on the agenda regarding the placements of Mr. Othell Miller, Mr. Milton Taylor and Mr. Gregory Williams and the changes made about the schools they were formerly teaching in and where they are going now; does that mean as far as Mr. Miller and Mr. Taylor would those changes be posted as vacancies. With PAAAS instituting its high school level this school year it is very important for the school to have a guidance counselor; the current guidance counselor is being transferred out and she is seeing a school social worker being assigned, will this person function in the same capacities of a middle school and high school counselor or is the plan to have Miss Nettingham act in that function seeing as though she was the guidance counselor in the 2009-2010 school and is now coming over as a secretary. She also sees that one of the teachers coming over to PAAAS is currently a 5<sup>th</sup> grade teacher at Emerson and her son is going to the 5<sup>th</sup> grade at Emerson, but it doesn't address if there is going to be a replacement. She also had a concern about positions advertised as being available at PAAAS, but the agenda does not address the replacement or hiring for these positions. Were these individuals just let go and if not will these positions be filled prior to the opening of school on September 7<sup>th</sup>; what steps are being taken to ensure all schools are receiving the staff that is needed. It was mentioned they are abolishing positions, are all of these positions currently vacant; if so, will these duties be passed on.

Mrs. Logan-Leach asked Mrs. Belin-Pyles if there is a typo regarding PAAAS and PHS. Mrs. Belin-Pyles replied that there were a number of questions and asked Ms. Council if she didn't mind to speak to Ms. Cooper and she will be able to answer her questions regarding PAAAS.

Mrs. Logan-Leach reiterated, it was teachers for PAAAS/PHS, if that is a typo; the need for the guidance counselor at PAAAS; the 5<sup>th</sup> grade teacher for Emerson; there were four teaching positions put in the advertisement, have they all be placed; and with the abolishment's of the positions, are these positions currently vacant and if not who is going to be doing these duties.

Mrs. Belin-Pyles stated that if there was someone who was a nonrenewal, they would place those individuals into those vacancies. If it's a specialized position where there is no one within the District, they would need to advertise outside of the District.

S. Johnson-Tucker, currently serving as the Principal of Barack Obama Academy, transferred back to Woodland Elementary School. Her concern is that Barack is really being abolished because the entire staff is being moved; the secretary is gone, the Principal is gone, the guidance counselor – where are her children going. They need to send information to the parents. She has students who have walked every year. Last year they had 18 students that were put out of Plainfield High school to walk across that stage and graduate. This year out of 24 seniors 22 walked. Now they have a class coming up and these children want to walk, they want to be part of this school. They are not a program; they are a high school and need to be recognized as a high school. The children have worked diligently and every year they have had to move. Last year they were at Front Street, they got kicked out; they were put over in the old Lincoln building; now again they are in the process of moving. They need to know what is happening. They have parents who have come out, children who have come out, they are here, and they want to know. When they saw the agenda they got upset. One of the students approached her yesterday and asked if it was true; are they moving again; where are they going. She told them probably here at the high school. The student said she will never get out. Where has the Perkins Grant gone, was it used for something else. She has not had a decent budget; \$27,000, 25,000 is nothing to run a school for a year. Her next concern was that she worked with PASA when the contract was voted on and ratified. It was totally different. The contract has been changed. This is not the contract PASA ratified. It was done by certain people behind closed doors. She guessed some people thought they didn't have the official contract. She doesn't have it in her contract the section that says elementary principals are to become 12 months; that was put in.

Mrs. Logan-Leach indicated that the statement that was made with regard to the contract, that it was changed, she is going to refer that to the Board's current Counsel. She felt Mr. Pickett was making notes regarding that and will look into it.

Mrs. Belin-Pyles indicated that the Perkins Grant is somewhere between \$8,000 and \$9,000 that supports secondary education. She believed a portion of that funding is at the PAAAS program and a portion at the high school. That is a budget that they can utilize to support Barack for certain areas.

Mrs. Belin-Pyles stated regarding Barack Obama they will be notified.

Several more individuals spoke on behalf of Pam Garcia.

Leola Bellazin spoke on behalf of the Washington School Counselor. She looked at the agenda; the social worker's position being moved out of Washington School as well as the part-time behavior assistant that is going to be in Washington School; she didn't know how these decisions were made, but she would like to know. It doesn't matter if the person is a school counselor or social worker, she asked the Board to look at the needs of the school. Washington School is the only elementary school in the District that has two behavioral classes, special needs, yet you're taking a special needs behavioral disorder assistant and making that person part-time. If you do this, the District may be looking at a lawsuit down the road. These children are sometimes aggressive; they are runners, what will happen if there is no assistant in that room. It was determined that help was needed in that room. Help was brought in and now they're taking that help out. These children also need consistency. She wanted to know why Ms. Campbell-Lucas was being removed from the school and making Miss Theresa Wilson part-time. She asked the Board to change what they are doing, to look at Washington School again. She is trying to help the children of Washington school have a better quality of life, but it cannot be done by one person alone. She asked Mrs. Belin-Pyles to reconsider Miss Theresa Wilson a behavioral disorderly assistant being moved to part-time.

Mrs. Belin-Pyles replied that they can't address individuals, but they can say there are individuals who are full-time teacher assistants that will be placed at the schools. Just because they see a name that is part-time it does not mean they won't have dual time personnel at the school.

Pamela Ackerman Garcia – Ms. Garcia gave packets to the Board Members and Interim Superintendent that contained some of the work she has done in the past year. She was there to question her transfer since she is the only resource teacher on the District level being transferred. She costs no more money to the District if she teaches 20 students in room 101 in Clinton Elementary School than she does if she affects 2,000 children. She has been the one constant professional development person through chaos and transition. Tonight the Board is going to vote on their Professional Development Plan; she facilitated that Plan. On March 12<sup>th</sup> she orchestrated the collaboration team to provide professional development for every stakeholder in their District; whether it was a bus driver, a secretary or a nurse. Everyone had professional development. She did this for less than \$5,000. In the four years that she has been in the District there has not been one new teacher that has not been part of her learning support seminars. That happens after school hours; she has never received a dime or asked for compensation of time. She asked the Board to reconsider her transfer. She asked if this is in the best interest of the District.

Laura Shoemaker, 1217 Cushing Road – she stated that Perkins funding, that's for secondary schools, which means it should only be going to the high school, it shouldn't be going to middle schools. PAAAS was considered a middle school last year which means it went to the wrong program. Secondly, Maxson and Hubbard, now that they have the k-8 schools and their enrollment is down, why aren't they merging those two schools and saving money. The students need the alternative school.

That school made AYP that should mean something.

Mrs. Logan-Leach asked Mrs. Belin-Pyles if the merging of Maxson and Hubbard is a consideration.

Mrs. Belin-Pyles replied that is something that would involve the entire community; it's not something that was being introduced at this time. It would be unfair to the children and the parents of both schools to attempt to merge without full discussion with the Board and the community. That was not something on the table prior to her arrival and she did not feel it was something they could do with a smooth transition at this time. And when she said secondary, she was referring to middle and high school which is considered secondary education.

Ann Nettingham – she stated how pleased she is with her students for coming here this evening. She originally came to advocate for herself as Guidance Counselor at Barack Obama Academy. She started as a secretary. Plainfield has invested a lot of money in her education. She has received her Master's and she has two more courses to go before she receives her certification as Director of School Counseling at Kean University. She is questioning her move to PAAAS right now. Wherever she is going to be moved she can assure the Board she will do a good job. Her question is that the best place for her to be, a level 5 secretary after the investment Plainfield has put into her. Her other concern is that PAAAS does not have a Guidance Counselor; the Guidance Counselor is going to be moved. The Board is replacing that Guidance Counselor with a level 5 secretary, also a Guidance Counselor, and that is her. She understands the budget crunch, but she also understands someone has to advocate for the students at Barack Obama. She is asking that the Board take a look at these groups to see if they are the most cost productive transfers for Plainfield before they make their decision. She reiterated what Mrs. Johnson-Tucker said, that out of 24 seniors they had 22 to graduate. Also when she came to Barack two years ago they had students that did not have credits and had been in the high school for close to three years. These students have recovered all of their courses; they will be on target to graduate with their appropriate grades. They have finally gotten the students to buy into the program. She also had a student to come to her with a concern about no longer having the Barack Obama Academy, that they were going to be put into the high school; that student didn't want to back to Plainfield High School, they felt they were finally getting to where they would be able to graduate.

Hope Reid, 813 E. 7<sup>th</sup> St. – her daughter was one of the students that spoke on behalf of Barack Obama. The last two years this school has really changed her daughter. They have been through a lot. She has finally found a place where she can connect and belong. The teachers are really concerned; it's an intimate atmosphere there. It means a lot to her to know what is going to happen with the school. Barack has helped not only her daughter, but a lot of other children as well.

Maria Pllum, 829 Park Ave. – she first thanked the Board for appointing a Vice Principal for Evergreen. Her question was since Barack Obama was approved by the State, does the State need to approve its closure and has that approval for its closure been sought by the District from the State. The other question, has there been a final agreement on payment and conditions for all of the law firms. The last time it was decided they weren't told how much the District was going to pay the law firms because the jobs were going to be divided. She wanted to know if there are contracts for both firms. She also wanted to know if they can have an official report on the status of the Districtwide curriculum. In 2005, when she came to Plainfield, she asked for a copy of the Districtwide curriculum. She was told they are working on it. It's 2010 and she is told they are still working on it. Every year she sees expenses for curriculum development but no results; she is wondering where is the efficiency, where is the work that is being done by these professionals for \$35 an hour.

If the agenda is right, this summer they are going to be spending almost \$140,000 in a matter of six weeks. She would like to get an official report from the Board, this current Interim Superintendent, and this administration of what the status of the Districtwide curriculum is. Qusack this coming school year - the same questions from the last Qusack are going to be asked this Qusack, does the District follow a Districtwide curriculum that aligns with the State guidelines. That was the lowest score because there was no Districtwide curriculum so it would be very much appreciated by this parent and many others to know where the curriculum is.

Mrs. Logan-Leach stated with regards to her question about Districtwide curriculum, she had raised that question previously when Dr. Steve Gallon was here; that question was raised publicly; yes, there is a Districtwide curriculum. Are there changes being done; yes. The answer was given to her some months ago. Plainfield has had a curriculum for many years, however there are changes; as curriculums change, course of studies change, books change; Mrs. Logan-Leach didn't want anyone to leave tonight thinking there is no Districtwide curriculum. If there are further questions or concerns there are outlets people can avail themselves of.

Mrs. Belin-Pyles indicated they will be doing an update in September on the curriculum

Mrs. Logan-Leach stated with regard to the agreement of the legal Counsel, she is correct; the resolution that was voted on indicated that the payment of the firms would be brought at a later time once the agreement was done. Nothing has been brought because that is a work in progress. When that has been completed there will be a resolution that will appear on the agenda and voted on that everyone can see. Regarding the closing of the Barack Obama School, if there is a need for a vote or language coming from the State, she would refer that to Board Counsel and the Interim Superintendent to address that.

Mr. Pickett stated that he will be consulting with the Interim Superintendent regarding that matter. She has followed the guidelines of the State strictly thus far.

Ms. Middleton, 19 Emma Street, her son attends the Barack Obama Academy. Her concern was if it closes where her son is going to go; does he have to go back to the high school. He has done better at Barack Obama.

Jacqueline Cox – her appeal was to keep Pamela Garcia. She has been very instrumental and critical in moving the District forward. She asked the Board to reconsider keeping her to support the program that has been started under her tutelage and development.

Wilson Aponte, Principal at Evergreen School – standing in support of Pamela Garcia. She brings to the table Professional Development, training in CIM, UDL; she has volunteered and supported their parent and engagement activities at Evergreen. He asked, does she best serve in the classroom, where she costs no more money, or does she serve best as a District person.

#### VIII. REMARKS FROM COMMITTEE CHAIRPERSONS

Ms. Peterson stated that on the Human Resources agenda the following position codes have been removed from the July 20, 2010 Business Meeting Agenda: 650 for nonrenewal; 038 for nonrenewal; 159 for retirement; 031 for resignation, and 052 transfer has been placed on hold. There are two additional numbers that are transfers have been placed on hold; 048 and 629.

Mr. Abdul-Haqq expressed his feelings regarding Barack Obama being his favorite school and it appears the program can work. He feels that the Board and the Interim Superintendent will make sure that all of those benefiting from it are going to have a good system in place to help them.

Ms. Barksdale indicated they should have an updated agenda with the logistics, Mrs. Hernandez is handling that regarding the Board Retreat and they are looking forward to it being an engaging environment for the Board members and the information will be placed on the website as well. Their presenters are in place. It will be held at 504 Madison Ave. Family Center at 9:30 a.m. The public was invited to attend.

Ms. Barksdale indicated that she had the opportunity to go over to the Hub Stine Complex on Saturday to witness the Eugene Monroe Football Camp. It was a great Plainfield day. There were a lot of young males there with their dads and a lot of community members who came out to help support their children. She congratulated everyone involved.

#### IX. REPORT OF DELEGATES/LEGISLATIVE REPORT

None.

#### X. REPORT OF BOARD/SCHOOL LIAISONS

Mrs. Hernandez stated that she is currently working with Donna Morris, who works for City Hall, and has put together a Youth Council in Plainfield that consists of various youth programs throughout the City. They are working on an initiative starting this Thursday and every Thursday until school begins to open up strategically placed schools in the neighborhood to offer activities to young teens during the 6:30 p.m. to 9:30 p.m. time frame. Churches and other local institutions are being asked for volunteers, preferably male volunteers, to come out Thursday nights. This is being coordinated by Mr. Stansbury, but anyone who is interested in volunteering can get in touch with Mrs. Hernandez or Mrs. Belin-Pyles. They are trying to stem the gun violence that has plagued the City and this is a time the community can step up to make sure their children have a safe and positive recreation environment.

Mrs. Gilbert responded to Mrs. Hernandez's comments that she would strongly recommend that they get in touch with Mt. Olive Church as well as Ruth Fellowship Outreach Ministries; both of those churches are planning youth conferences. This could be a combined effort.

as printed for Board adoption, moved by Mrs. Edwards, seconded by Ms. Peterson. Discussion: Ms. Barksdale stated there was one added correction to the April 13<sup>th</sup> meeting regarding the Corrective Action Plan. It indicated that her comments were addressed in the CAP. Her comments were not addressed in the CAP that was presented. Her comments were that every Board member had an opportunity to offer their input to CAP and that she was moving forward with the CAP with the comments that she made noted in the CAP. Not as presented with the CAP, but with the comments that Board members were including in the CAP. She was specifically referring to April 13<sup>th</sup>, page 3 of 53.

Mrs. Hernandez had corrections and indicated that May 4<sup>th</sup> meeting minutes, there is an indication of a two-year term for Keisha Edwards that should actually be a **one-year term**; under section 3; on page 3 of 16 it should say that "she thanked **her** husband;" section 6, the 6<sup>th</sup> paragraph, the ed on campaign should be removed; article A should be removed and on page 4 the 9<sup>th</sup> paragraph should read **Laura**; and there is a word there paras (it should be **paraprofessionals**).

Ms. Barksdale; yes to all except 3/2/10, where she was abstaining because she was absent; Mrs. Edwards abstained to all of March, all of them in April, and yes to all of them in May except May 3<sup>rd</sup> where she is abstaining because she was absent; Mrs. Gilbert, no to all except April 6, where she is abstaining because she was absent; Mrs. Hernandez, abstaining for all with the exception of May 4, 11, and 18, yes for those three; Ms. Peterson said yes for all of the dates; Mrs. Logan-Leach abstained on March 2<sup>nd</sup> and 9<sup>th</sup> because she was not present, March 16 – May 18<sup>th</sup> is yes; Mr. Abdul-Haqq, abstained on all of the meetings except May 4<sup>th</sup>, 11<sup>th</sup>, and May 18<sup>th</sup>, he voted yes on those.

Based on the above vote, it appears that the minutes May 4 – 18<sup>th</sup> passed, with six in favor and one opposed. March 2 – May 3<sup>rd</sup> failed. Mr. Pickett, when asked by Mrs. Logan-Leach, to address where they stand with the abstentions, he replied that in the absence of there being a majority vote in the affirmative those minutes would be deemed not to have been approved but the minutes do exist as a recording of what happened at the meeting. The Board would not likely get a majority who can vote on the minutes beginning March through May 3<sup>rd</sup> because those serving at that time are no longer members. They are official minutes and can be relied upon without an official vote of this Board of Education. Mrs. Logan-Leach asked that the minutes which did not pass should be brought back for the August meeting. Mr. Pickett stated for the record those minutes that have passed should be reflected as approved and those minutes that have not been approved should be reflected as that, not approved.

## **Renaming of Hub Stine Field to Hub Stine Sports Complex and Naming of Joe Black Baseball Field**

### **Strategic Plan Link:**

### **Goal 5: Community & Family Engagement**

**To actively engage families and communities in a meaningful, structured, and productive manner that promotes learning and cooperation.**

The Interim Superintendent of Schools recommends, was moved by Ms. Peterson, and seconded by the remaining Board members present, adoption of the following:

### **RESOLUTION**

The Plainfield Board of Education is committed to ensuring that all students succeed academically and reach their full potential in life. In accordance with this commitment, Joe Black was born and raised in Plainfield, New Jersey and was a 1942 graduate of Plainfield High School, having been named Plainfield High School Athlete of the Year in 1942.

Joe Black brought pride to himself, his family and his community by his myriad of accomplishments which include playing baseball for the Negro League Team in Baltimore, Maryland for many years; being named National League Rookie of the Year in 1952 when he played for the Brooklyn Dodgers; and being the first African-American to pitch a winning World Series Game, also in 1952 against the New York Yankees.

After leaving baseball, Joe Black, taught physical education in the Plainfield Public Schools for several years and thereby impacted many young people with his display of intellect, dignity and humanity. He later joined corporate America and rose to the level of Vice-President of the Greyhound Bus Company. Joe Black's life example is worthy and deserving of being honored, remembered and passed on to future generations.

Hub Stine Field has numerous athletic venues and is not limited to one athletic activity at the Field, and the name of Hub Stine Field needs to reflect the wide range of sports and athletic activity occurring at that site.

**RESOLVED**, that the Plainfield Board of Education approves renaming of the athletic facility known as Hub Stine Field to Hub Stine Sports Complex, and names the baseball field at the Hub Stine Sports Complex to the **Joe Black Baseball Field and the tennis courts at the Hub Stine Sports Complex the Donald Van Blake Tennis Courts.**

The motion carried, on a roll-call vote, with seven members in favor and none opposed.

Mrs. Logan-Leach invited the family to come and speak again. Joe Black's sister, the last sibling, spoke. She stated that Joe Black told her when he passed away he wanted to be cremated and some of his ashes spread at Hub Stine Field, Greenbrook Park, and E. Fourth Street, which is now Richard Taylor Way. She learned that was not possible for sanitary health reasons. She is thankful for the naming of the Joe Black Baseball Field. She and the family appreciate this honor.

## **XII. REPORT OF HUMAN RESOURCES COMMITTEE**

"The Board of Education of the City of Plainfield reaffirms its commitment to ensure that the district provides equal employment opportunities regardless of race, color, creed, religion, sex, age, ancestry, national origin, handicap and social or economic status..."

It is the policy of this district to provide, through a positive and effective affirmative action program equal opportunities for employment, retention, and advancement of all people.

The equal employment objective for the Board of Education calls for achieving full utilization of minorities and women, and handicapped persons at all levels of management and non-management and by job classification; to prohibit discrimination in employment because of race, color, religion, national origin, sex or age; and to have a work environment free of discrimination.

**Ms. Peterson moved H.R. as a Consent Agenda, seconded by Mrs. Edwards. Discussion: Ms. Barksdale thanked the Interim Superintendent for responding to her questions because they surround a lot of what they are doing. She also formally welcomed Mrs. Cooper to the Acting Assistant Superintendent's position. She wished they could have had the information together with their 12-month appointments so that as a Board could have had an active discussion putting 12-month appointments with their current appointments and transfers and Donaldson Hearings. There are a couple of items she is going to be abstaining from because she just got that information at their last meeting concerning the 12-month appointments about 15 minutes before that Board meeting so that creates a challenge for her. After the discussion, the motion carried on a roll-call vote, with Ms. Barksdale voting yes on items C – U and abstaining on items A and B; Mrs. Edwards voted yes on all; Mrs. Gilbert voted yes on E & F, and abstained on A, B, C, D & G – U; Mrs. Hernandez, before voting she made a statement for clarity to the public indicating that this agenda was delivered last Friday and she didn't want the public to think that as she votes she has only had a couple of hours to review this – she has had this since Friday and reviewed it on Friday & with that said she voted yes with the exception of job code #PEAS-088 she is voting no; Ms. Peterson voted yes on all except #PEAS-088; Mrs. Logan-Leach voted yes except PEAT-427 she abstained, and voted no on #PEAS-088; and Mr. Abdul-Haqq voted yes on all.**

**Mr. Pickett explained to Mr. Abdul-Haqq why the names couldn't be mentioned in public because it is a personnel matter. Mrs. Logan-Leach indicated moving forward they are going to be looking at having a Consent Agenda as well as a non-Consent Agenda. Mr. Pickett stated going forward the Work Study Meetings will be known as Work Study/Regular Meeting.**
