I. Bilingual Education Planning and Preparation – Educational Services

Strategic Plan Link:

Goal 1: Learning Outcomes

To improve the learning and academic performance of all students in all PPS

Goal 5: Community and Family Engagement

To actively engage families and communities in meaningful structured and productive manner that promotes learning and cooperation.

The Interim Superintendent of Schools recommends, and I so move adoption of the following:

RESOLUTION

The Plainfield Board of Education recognizes that a highly qualified, competent, skilled, and dedicated workforce is essential to the success of the District and the students. Therefore, it has provided the Superintendent of Schools the authority to employ staff members to perform additional assignments within our District.

Pursuant to the federal No Child Left Behind (NCLB) Act of 2001, public schools in the state of New Jersey are required to annually assess the English language proficiency of their English Language Learners (ELLs) in kindergarten through grade 12 using a standards-based instrument that is common throughout the state. In response to this mandate, the New Jersey State Department of Education adopted the ACCESS for ELLs developed by the WIDA Consortium. For this school year, the ACCESS for ELLs will be administered to over 1, 200 students during the months of March and April 2010.

The data must be analyzed in order to properly place Bilingual students in September 2010. Responsibilities include: separation of ACCESS Test Reports by school and grade; Preparation of school student rosters, teacher reports and parent reports; Reproduction of school reports and placed into binders for each school. Data will be shared with Bilingual Staff as well as Administrators.

With a fast growing Spanish speaking community in Plainfield, there is an increased need for district and school personnel to send written notices, letters, and other important information to parents in their native language (Spanish). As well there is a need for staff to conduct home visitations to inform parents of student services and academic and behavior status of students. A number of events such as: Town-Hall meetings, BOE meetings, Back to School Night conferences and parent-teacher conferences etc. have been scheduled for the 2009-2010 school year which will require the presence of an oral translator to assist with the Spanish speaking community members who attend these events. The NCLB legislation provide districts with funding

(Title II) to provide parents with information pertaining to their children's education in their native language (Spanish).

RESOLVED, the Plainfield Board of Education approves Ilene Weinstein, ESL District Resource Teacher, at a rate of \$35.00 per hour for the 2009-2010 school year, not to exceed 9 Hours, Idelisse Gonzalez, Bilingual Resource Teacher, not to exceed 20 hours. Y. Additional - Summer Curriculum Writing

Strategic Plan Link:

Goal 1: Learning Outcomes

To improve the learning and academic performance of all students in PPS.

The Interim Superintendent of Schools recommends, and I so move, the following:

RESOLUTION

The Plainfield Board of Education is committed to ensuring that all students succeed academically and reach their full potential in life. In doing so, it is also committed to providing opportunities for and ensuring that all students (inclusive of English Language Learners and Special Education Students) meet the New Jersey Core Curriculum Content Standards and achieve academic and life-long success.

In accordance with 6A:13-2.1 Standards-based instruction, "All school districts shall implement a coherent curriculum for all students including English language learners (ELLs), gifted and talented students and students with disabilities, that is content-rich and aligned to the most recent revision of the Core Curriculum Content Standards (CCCS). The curriculum shall guide instruction to ensure that every student masters the CCCS. Instruction shall be designed to engage all students and modified based on student performance. Such curriculum shall include:

- Interdisciplinary connections throughout;
- Integration of 21st century skills;
- A pacing guide;
- A list of instructional materials, including various levels of test at each grade;
- Benchmark assessments; and
- Modifications for special education students for English language learners in accordance with N.J.A.C. 6A:15 and for gifted students.

The District has determined that there is a major need for curriculum design and development to both comply with established state and district guidelines and improve student learning in PPS. An aligned curriculum must be developed in order for teaching and learning in all Plainfield Public Schools to be consistent and systemic. Using the Core Curriculum Content Standards, teachers will align curriculum for implementation during the 2010-2011 school year.

RESOLVED, that the Plainfield Board of Education approves the following teachers to be paid at a rate of \$35.00 an hour, Monday - Thursday from 8:30 pm – 3:00 pm beginning July 6, 2010 – August 10, 2010. Employment is based upon student enrollment and funding will continue to be provided through each school's and district/categorical funding account. *Funding code CW 20-235-100000-101B-11-0000
