

Policy

STUDENT RECORDS

The Plainfield Board of Education shall conform in all respects to the requirements of state and federal law regarding gathering, maintaining, securing, disclosing, allowing access to and destruction of student records.

Basic Considerations

- A. This policy on the maintenance of and access to student records is based upon three basic considerations:
- B. The student's interest must be protected and advanced. The student needs to be supplied with information about himself which he needs to make judgments and decisions pertinent to his well-being and to help him determine and reach his goals in life.
- C. The parents and guardians of the student need information about their child while he is still a minor so they may make their decisions which affected the education and life of the student as they see their responsibilities.
- D. The school needs to have the data necessary to provide a through and efficient education for all students.

This policy is intended to supplement and/or document compliance with student record provisions N.J.A.C. 6A:32.

Definitions

"Student" means a person who is or was enrolled in a public school of Plainfield.

"Adult Student" means a person who is at least eighteen years of age, or is attending an institution of postsecondary education, or is an emancipated minor.

"Parent" means the natural or adoptive parent, custodial or non-custodial, whose parental rights have not been terminated by a court of competent jurisdiction; legal guardian; foster parent; approved parent surrogate; or legal custodian of the student who is the subject of the record and includes only such persons for whom access is authorized.

"Student Record" means any information related to an individual student gathered within or without the Plainfield school system and maintained within the Plainfield school system, regardless of its subject, source, or physical form in which it is maintained. Essential in this definition is the idea that any information which is maintained for the purpose of review by a second party, is consider a student record. Therefore, information recorded by certificated school personnel solely as a memory aid, not for the use of a second party is excluded from this definition.

"Access" means the right to view, to make notes, and/or to have a reproduction of the student record made.

The Chief School Administrator shall be responsible for the security of student records maintained in the school district. He/she shall formulate and the Board shall review administrative procedures to guarantee the safety and security of all student records, and to provide authorized persons and organizations access to these records at a convenient place and time within the limits stipulated by law, i.e., within 10 days of the request but prior to any review or hearing conducted in accordance with state Board of Education regulations.

School principals or the Director of Pupil Personnel Services shall be responsible for the physical security of pupil records maintained in their buildings. The principal, Director of Attendance, or Board Secretary shall allow access only to the following:

A student record may be withheld from a parent of a student under 18 or from an adult student only when the district obtains a court order or is provided with evidence that there is a court order revoking the right to access. Only that portion of the record designated by the court may be withheld.

The Board shall limit access to, disclosure of and communication regarding student records and health records to authorized organizations, agencies or persons as defined by code.

Particular attention shall be paid to the development of procedures whereby student records are made accessible to assigned secretarial and clerical staff in the performance of their duties, and to compliance with requirements for the security of computerized student records that will limit access to authorized persons. Limited access shall be granted to secretarial and clerical personnel under the direct supervision of certified school personnel to those portions of the record and to the extent necessary to record data and conduct routine clerical tasks.

The district may make a charge for copies. This charge shall not prevent parents from exercising their rights.

School personnel are not prohibited from disclosing information in the student health record to students or adults in connection with an emergency, if such knowledge is necessary to protect the immediate health or safety of the student or other persons.

In complying with this policy all individuals shall adhere to N.J.S.A. 47:1A-10, the Open Public Records Act (OPRA) and 20 U.S.C. 1232g; 34 CFR Part 99, the Family Educational Rights and Privacy Act (FERPA).

Those from outside the school whose access requires consent of parents/adult students must submit the request in writing, together with any required authorization, to the Chief School Administrator/designee. District regulation shall be developed in accordance with code to ensure that records are not altered, damaged or lost during inspection, and that records of access granted are complete. (See 5125 Student Records, Access; Regulation)
