Cultural Content Statement(s):

Maps, graphs, and other graphic organizers facilitate understanding of information on a wide range of topics related to the world and global issues. They make complex concepts more accessible to second-language learners who have limited proficiency in the language. (Content areas that assist in the development of this understanding should include, but are not limited to: history, economics, science, and geography.)

Learning about age- and developmentally appropriate content that is of high interest to students and has a direct connection to the cultural contexts of the target language cultivates an awareness of the shared human experience. (Content that assists in the development of this understanding should include, but is not limited to: all content areas and popular culture.)

7.1.NM.A.1

Recognize familiar spoken or written words and phrases contained in culturally authentic materials using electronic information sources related to targeted themes.

This CPI supports Anchor Standards 1, 2, & 3 CCSS-ELA Reading.

- Compare environmental products and practices in home and target cultures.

UNIT DESCRIPTION

Students use the target language in the three modes of communication to explore products and practices of the target culture(s) as they relate to reuse, recycle, and reduce. (Assessment of the Interpretive mode may be in English; however, the text is always in the target language.)

Interpretive:

They interpret authentic written and video/audio texts such as blogs, government sites, public service announcements, and short video clips that focus on environmental practices and products in the target culture(s).

Interpersonal:

They engage in short unrehearsed/unscripted conversations with classmates, the teacher, and other target-language speakers in the community in which they ask and respond to questions regarding environmental products and practices.

Presentational:

They use lists, chunks of language, and memorized phrases to compare environmental products and practices in the home and target cultures.

1

The expectations for 6-12 are for both listening and reading.

Interpretive Listening:

I can understand some basic information related to reuse, recycle, and reduce as found in short video/audio clips.

- a. I can recognize words associated with commonly recycled products (e.g. plastic, cans, paper, cardboard, batteries).
- b. I can identify common symbols of recycling and match them to the equivalent target language word.
- c. I can recognize renewable resources (e.g. water, electricity, paper).
- d. I can determine which products and practices related to recycling are the same and different in my community and in the target culture community.

Interpretive Reading:

I can understand some basic information related to reuse, recycle, and reduce as found in short written text (e.g. poster, public service announcement and blog).

- a. I can recognize words associated with commonly recycled products (e.g. plastic, cans, paper, cardboard, batteries).
- b. I can identify common symbols of recycling and match them to the equivalent target language word.
- c. I can recognize renewable resources (e.g. water, electricity, paper)

2

Interpersonal:

I can suggest what my classmates and others should do with regard to reuse, recycle, and reduce (e.g. Given pictures of common household items, I can suggest what should be done with them).

I can respond to suggestions from my classmates and others with regard to reuse, recycle, and reduce and indicate when I don't understand a suggestion. [e.g. Given pictures of common household items, I can categorize them (reuse, reduce, or recycle) based on suggestions from my classmates and others].

3

Interpersonal:

I can use digital tools and face-to-face communication to:

- a. Ask memorized questions (yes/no, either/or, and short response) about quantity of recycled products.
- b. Answer simple questions (yes/no, either/or, and short response) about quantity of recycled products.
- c. Ask memorized questions (yes/no, either/or, and short response) about color of recycled products.
- d. Answer simple questions (yes/no, either/or, and short response) about color of recycled products.
- e. Ask memorized questions (yes/no, either/or, and short response) about types of recycled products.
- f. Answer simple questions (yes/no, either/or, and short response) about types of recycled products.
- g. Ask memorized questions (yes/no, either/or, and short response) about personal practices related to reuse, recycle, and reduce.
- h. Answer simple questions (yes/no, either/or, and short response) about personal practices related to reuse, recycle, and reduce.
