

GENESIS GRADEBOOK: Using the Green Highlighter

Marking Period Class Roster Screen with Highlighter

Gradebook → Class Rosters → Marking Period[mp#]

The screenshot shows the Genesis Gradebook interface for Marking Period 1. The student H105, SAYLE, ALLINGTON E, is highlighted in green. A callout box points to the green 'H' icon in the 'H' column, stating: "The green background H column turns on and off the green highlighting function." Two red boxes highlight the 'Posted Grade' and 'Posted Comments' columns.

Figure 10 – Gradebook Marking Period Screen with Highlighter turned on

Using the Green Highlighter

The green highlighter highlights a single student's grades so you can easily focus on them.

To Highlight a Different Student

To change the highlighted student, simply click on the green **H** next to the Expander Icon for the next student you wish to highlight. The new student will be highlighted and the highlighter will be turned off for the initial student.

To Turn Off the Highlighter

To turn off the highlighter, simply re-click on the green **H** next to the **Expander** Icon of the currently highlighted student. This turns off all highlighting until the next green **H** is clicked.

Note: Only one student can be highlighted at a time. Clicking on the green **H** next to a second student turns off the highlighting of the first student.
