Strategic Plan Link

Goal 1: Learning Outcomes:

To improve the learning and academic performance of all students in all PPS

The Superintendent of Schools recommends and I so move, adoption of the following:

RESOLUTION

The Plainfield Board of Education recognizes field trips, used as a device for teaching and learning are integral to the curriculum, and an educationally sound and important ingredient in the instructional program of the school.

As a result, field trips serve as an essential means to extend learning, improve achievements, and enhance the overall development and educational experiences of students in the District. Field trips, however must support the District's curriculum and be aligned with the New Jersey Student Learning Standards. The District has identified those State of New Jersey field trips which are in compliance with both, and will be reflected in the curriculum guides for the 2016-2017 school year.
