December 9, 2021

Dear Plainfield Public Schools Community:

We were informed late Wednesday, December 8 of an individual positive case of COVID-19 at Evergreen Elementary School. Today, we were informed of two individual positive cases at Barlow Elementary School, an individual positive case at Cedarbrook K-8 Center, an individual positive case at Hubbard Middle School, and an individual positive case at Plainfield High School. Cleaning and disinfecting of all exposed areas has begun and will be completed. The district is also taking precautions to prevent the introduction and spread of viruses and other germs and is cleaning frequently touched surfaces daily. The status of this situation is fluid, and we are monitoring it closely. All contact tracing has been completed.

We understand the level of concern regarding COVID-19. We encourage parents and students to continue following the Centers for Disease Control & Prevention promoted safeguards, such as:

- Staying home when you are sick;
- Washing hands often with soap for at least 20 seconds;
- Covering coughs and sneezes and properly disposing of tissues;
- Limiting close contact with people who are sick and not sharing food, drinks and utensils;
- Practicing social distancing (staying at least 6 feet apart);
- Wearing a face covering while in school; and
- Continuing to monitor your health for symptoms.

As always, we appreciate our community's support and cooperation. You can assist us by remaining vigilant but sensible in your approach to dealing with this health concern. Should you have any questions about this situation, please feel free to contact Ms. Myrna Dyson at (908) 731-4200 ext. 5238. Below are some resources that might be helpful.
